20th September 2017

Dear Dr Corcoran,

I am writing on behalf of Cathay Pacific in response to the Commission's draft S18 Declaration of Slot Parameters.

We are encouraged to see the allocation of additional capacity in the 1200 hour local time / 1100 hour UTC.

As a result of this we would like to express our support for the draft decision and our hope that this additional capacity is reflected in the final decision to be published next week.

Please do not hesitate to contact our Passenger Network Manager responsible for Europe, Will Kerr-Muir (william_kerrmuir@cathaypacific.com), if you require further information regarding our planned Dublin operation.

Yours sincerely

Lavinia Lau
