

04th July 2003

Commission for Aviation Regulation
3rd Floor
Alexandra House
Earlsfort Terrace
Dublin 2

Attn: Mr William Prasifka
Commissioner

Dear Sir,

With respect to the invitation dated 4th June 2003 from your office, Air Contractors are pleased to hear that the Commission for Aviation Regulation are considering a review of the Determination of Airport charges published 26th August 2001.

Air Contractors feel that the current charges for Aircraft parking at Dublin are excessive. If the decision on the 26th August is to review the Determination, we would like Aircraft Parking charges to be reviewed.

Air Contractors would be pleased to participate in further meetings or discussions as required, if the Commission decides on a review.

Kind Regards,

Yours sincerely,
