

- 1 **Job Title:** Aviation Security Inspector
- 2 **Department/
Division/Location:** Aviation Security Unit, Safety Regulation Department, The Times
Building, 11-12 D'Olier Street, Dublin 2
- 3 **Reports to:** Senior Aviation Security Inspector
- 4 **Direct Reports:** None
- 5 **Job Purpose:** Implement the National Quality Control Programme (including
approvals, compliance monitoring and certification) for co-
ordinating and monitoring implementation of EU Common Basic
Standards as defined in EU Regulation 300/2008 and the National
Civil Aviation Security Programme.

6 **Main Duties and Responsibilities**

- Advise the Senior Aviation Security Inspector on matters concerning entry control for:
 - approvals to an entity (e.g. regulated agents, known consignors); and
 - approvals to individuals to carry out specific activities (e.g. security managers, instructors);
- Exercise oversight and surveillance to monitor implementation of the common basic standards and the National Civil Aviation Security Programme. This includes audits, inspections, tests and periodic meetings with entities;
- Provide information and support to entities for the purposes of clarification, policy announcements, technical information etc. Support includes giving advice on regulations;
- Advise the Senior Aviation Security Inspector on exit control regarding the:
 - variation
 - suspension
 - revocation, or
 - disqualification of an approval or certificate, including exit control over those voluntarily leaving the system;
- Ensure all oversight activities are conducted in accordance with relevant IAA procedures;
- Assist in the maintenance of an on-going analysis of entities to determine security trends;
- Evaluate the performance of security staff seeking certification from the IAA, in line with relevant IAA procedures;
- Review Training Programmes submitted by industry for the purposes of approval;
- Assist with preparation of the annual return for the European Commission as required under Section 18 of EU Regulation 18/2010;
- Assist in the maintenance and preservation of records and documents relating to aviation security;
- Advise the Senior Aviation Security Inspector on specific or general matters relating to aviation security;
- Conduct coordination meetings and workshops as required;

- Ensure the provision of technical advice in the development of security policy to the IAA and DTTAS; and
- Manage health and safety issues in accordance with the Company Safety statement.

THIS JOB DESCRIPTION IS NOT EXHAUSTIVE. OTHER ITEMS MAY BE ADDED OR DUTIES VARIED FROM TIME TO TIME AT THE DISCRETION OF DIRECTOR SAFETY REGULATION.
