

DRONE SAFETY IS YOUR RESPONSIBILITY

KNOW THE RULES BEFORE YOU FLY

NEVER OPERATE YOUR DRONE:

REMEMBER TO REGISTER WITH THE IAA If your drone weighs over 250gr, or if it has a camera or sensor

-  if it will be a hazard to another aircraft in flight
-  closer than 5 kilometres from any aerodrome
-  in civil or military controlled airspace (e.g. airspace surrounding airports)
-  over an assembly of people (e.g. concerts, sporting events, parades)
-  in a negligent or reckless manner so as to endanger life or property of others
-  in restricted areas (e.g. military installations or prisons)
-  farther than 300 metres
-  over 400ft (120m) above ground level
-  unless you have permission from the landowner for take-off & landing
-  within 30 metres of any person, vessel, vehicle or structure not under your direct control
-  over urban areas, such as villages, towns and cities
-  outside of your direct line of sight

**SAFETY IS OUR NO.1 PRIORITY.
MAKE IT YOURS!**
