---	--	--	---

Title: Authorised Independent Airworthiness Review Staff

Advisory Memoranda are provided for information purposes only and must not be misconstrued as formally adopted Acceptable Means of Compliance (AMC) or as Guidance Material (GM).

1. Applicability

- (1) Aeroplanes of 2,730kg maximum take-off mass (MTOM) or less;
- (2) Rotorcraft of 1,200kg MTOM or less, certified for a maximum of up to 4 occupants;
- (3) Other ELA2 aircraft e.g. sailplanes/balloons.

These aircraft must be operated under:

- *Annex VII (Part-NCO) to Regulation (EU) No 965/2012 or,*
- *in the case of balloons, not operated under Subpart-ADD of Annex II (Part-BOP) to Regulation (EU) 2018/395 or,*
- *in the case of sailplanes, not following Subpart DEC of Annex II (Part-SAO) to Regulation (EU) 2018/1976.*

This Airworthiness Review may only be carried out by the Authorised Independent Airworthiness Review Staff, who is releasing the aircraft from the 100-h/annual inspection contained in the AMP

N.B. An Airworthiness Review may not be carried out by Authorised Independent Review Staff when the aircraft is used by a commercial ATO/DTO, commercial SPO, Part-SAO Subpart-DEC, or Part-BOP Subpart ADD.

2. Introduction

For aircraft meeting the criteria of paragraph 1 above, as of 24th March 2020, the Airworthiness Review and the issuance of the Airworthiness Review Certificate (ARC) shall be performed in accordance with ML.A.903. This may be performed by Authorised Independent Airworthiness Review Staff while performing the 100-h/annual inspection contained in the AMP.

3. Part ML regulations

An aircraft may not fly unless it has a valid ARC. This Certificate is issued after a successful Airworthiness Review and has a validity of one year. The review entails a full review of the aircraft records and a physical survey of the aircraft. The Airworthiness Review of the aircraft listed in Paragraph 1 may be performed by Authorised Independent Airworthiness Review Staff.

However, Authorised Independent Airworthiness Review Staff holding a national qualification, rather than a Part 66 licence, shall only perform airworthiness reviews and issue the ARC for aircraft registered in the Member State responsible for the national qualification. ARCs issued by Authorised Independent Airworthiness Review Staff holding a national qualification shall not benefit from mutual recognition when transferring the aircraft to another Member State

5. Definitions

Independent Certifying Staff

Independent Certifying Staff must hold a licence issued in accordance with Annex III (Part-66) rated for the corresponding aircraft or, if Annex III (Part-66) is not applicable to the particular aircraft, a national certifying-staff qualification valid for that aircraft.

Authorised Independent Airworthiness Review Staff

Authorised Independent Airworthiness Review Staff are independent Certifying Staff holding an authorisation issued by, either:

- (i) the competent authority who issued the licence in accordance with Annex III (Part-66);
- (ii) if Annex III (Part-66) is not applicable, the competent authority responsible for the national certifying-staff qualification.

AMP

Aircraft Maintenance Programme. This includes Self-Declared Maintenance Programmes.

CAMO

Continuing Airworthiness Management Organisation

CAO

Combined Airworthiness Organisation

6. Authorised Independent Airworthiness Review Staff (Ref: Part ML.A.904)

Authorised Independent Airworthiness Review Staff may be authorised by:

- A. the competent authority who issued the licence issued in accordance with Annex III (Part-66),
- B. if Annex III (Part-66) is not applicable, the competent authority responsible for the national certifying-staff qualification.

Authorised Independent Airworthiness Review Staff must meet the criteria of Independent Certifying Staff.

Initial authorisation shall be issued by the competent authority when:

- 1) the competent authority has assessed that the person has the knowledge of the parts of this Annex relevant to continuing-airworthiness management, performance of airworthiness reviews and issuance of ARCs;

<p>Irish Aviation Authority The Times Building 11–12 D’Olier Street Dublin 2, Ireland www.iaa.ie</p> <p>Safety Regulation Division</p>	<p>Údarás Eitlíochta na hÉireann Foirgneamh na hAmana 11–12 Sráid D’Olier Baile Átha Cliath 2, Éire</p> <p>Rannán na Rialachán Sábháilteachta</p>	<p>AAM No. 13 Revision: 04 Date: 28.07.2021</p>	
--	---	---	---

- 2) the person has satisfactorily performed an airworthiness review under the supervision of the competent authority.

This authorisation shall remain valid for a duration of 5 years as long as the holder has performed at least 1 airworthiness review every 12-months. If this is not the case, a new airworthiness review shall be satisfactorily performed under the supervision of the competent authority.

Upon expiration of its validity, the authorisation shall be renewed for another 5 years subject to a new compliance with points (1) and (2) above. There is no limit to the number of renewals.

The holder of the authorisation shall keep records of all the airworthiness reviews performed and shall make them available, upon request, to any competent authority and to any aircraft owner for whom they are performing an airworthiness review. Such records should include, as a minimum for each airworthiness review performed:

- A copy of the documented Airworthiness Review carried out (documentation review & physical survey);
- A copy of the ARC issued and evidence that it was sent to the competent authority of the Member State of registry;
- A copy of the CRS for the Annual Inspection (This is in addition to the records which must be retained for any maintenance released in accordance with ML.A.801(b)(2));
- A copy of the Aircraft Maintenance Programme and AMP review, where applicable; and
- A copy of all findings reported to the owner.

This authorisation may be revoked by the competent authority at any time if it is not satisfied with the competence of the holder or with the use of such an authorisation.

To apply to be Authorised Independent Airworthiness Review Staff under ML.A.904(c)(2) please complete application form in Appendix 1 to this notice.

7. Airworthiness Review

Authorised Independent Airworthiness Review Staff may perform Airworthiness Reviews. The Airworthiness Review consists of a review of the aircraft’s continuing airworthiness records and a physical survey of the aircraft. Airworthiness review tasks shall not be subcontracted. The effectiveness of the AMP may be reviewed in conjunction with the Airworthiness Review.

<p>Irish Aviation Authority The Times Building 11–12 D’Olier Street Dublin 2, Ireland www.iaa.ie</p> <p>Safety Regulation Division</p>	<p>Údarás Eitlíochta na hÉireann Foirgneamh na hAimann 11–12 Sráid D’Olier Baile Átha Cliath 2, Éire</p> <p>Rannán na Rialachán Sábháilteachta</p>	<p>AAM No. 13 Revision: 04 Date: 28.07.2021</p>	
--	--	---	---

Appendix II may be used for guidance on carrying out an Airworthiness Review

8. Airworthiness Review Certificate (EASA Form 15c)

The Authorised Independent Airworthiness Review Staff may issue the ARC for aircraft registered in any Member State. However, independent authorised Airworthiness Review Staff holding a national qualification shall only perform Airworthiness Reviews and issue the ARC for aircraft registered in the Member State responsible for the national qualification.

Airworthiness Review Certificates (EASA Form 15c) may only be issued upon completion of a satisfactory Airworthiness Review. Appendix III gives a template for the Authorised Independent Airworthiness Review Staff to use.

A copy of any ARC issued or extended for an aircraft shall be sent to the Member State of registry of that aircraft within 10 days. In the case of the IAA, submit such documents to arc@iaa.ie or Irish Aviation Authority, The Times Building, 11-12 D’Olier St., Dublin 2.

9. Those currently approved under M.A.901(g)

Persons approved by the IAA under Part M.A.901(g) to issue ARC recommendations should apply to become Authorised Independent Airworthiness Review Staff.

Irish Aviation Authority The Times Building 11–12 D’Olier Street Dublin 2, Ireland www.iaa.ie Safety Regulation Division	Údarás Eitlíochta na hÉireann Foirgneamh na hAmanna 11–12 Sráid D’Olier Baile Átha Cliath 2, Éire Rannán na Rialachán Sábháilteachta	AAM No. 13 Revision: 04 Date: 28.07.2021	
---	--	--	---

Appendix I – Application for Authorised Independent Airworthiness Review Staff

Authorised Independent Airworthiness Review Staff, as permitted pursuant to point ML.A.901(b)(4), may apply to the competent authority who issued the licence in accordance with Annex III (Part-66) or if Annex III (Part 66) is not applicable, the competent authority responsible for the national certifying-staff qualification.

To apply for such authorisation to the Irish Aviation Authority, please complete the following:

SECTION 1: Personal Details			
SURNAME		FIRST NAME(S)	
PART 66 LICENCE NUMBER OR NATIONAL EQUIVALENT		PHONE NUMBER	
EMAIL ADDRESS			
I confirm that I am knowledgeable of the parts of Part ML relevant to continuing-airworthiness management, performance of airworthiness reviews and issuance of ARCs			

SECTION 2: Airworthiness Review under supervision of the IAA			
Aircraft Registration		Aircraft Type	
Proposed date(s) for Airworthiness Review under supervision		Location of Airworthiness Review under supervision	
For a person previously approved under M.A.901(g), enter date and aircraft registration of last Airworthiness Review performed.			
Confirmation that the aircraft and records may be reviewed by you from the registered owner will be required.			

Signed: _____

Date: _____

Name: _____

Attachments to submit with application form

1. Completed EASA Form 4
2. Copy of Part 66 licence or national equivalent
3. Evidence of Part ML training, if applicable
4. Copy of confirmation from registered owner managing the continuing airworthiness of the aircraft that it may be used for an Airworthiness Review under supervision

Submit this completed page along with any required attachment to awsd@iaa.ie or AWSD, Irish Aviation Authority, The Times Building, 11-12 D’Olier St., Dublin 2.

EASA Form 4 (Authorised Independent Airworthiness Review Staff)

IRISH AVIATION AUTHORITY

Details of Management Personnel required to be accepted as specified in Part-ML.A.904.

1. Name: _____

2. Position: Authorised Independent Airworthiness Review Staff

This authorises the holder to perform Airworthiness Reviews and issue Airworthiness Review Certificates (Form 15c) for aircraft subject to Part ML and meeting the criteria of ML.A.901(b)(4) when the holder is also issuing the CRS for the Annual/100-h inspection per the Aircraft's Maintenance Programme.

Holders with a national qualification shall only perform airworthiness reviews and issue the ARC for aircraft registered in Ireland.

3. Qualifications relevant to the item (2) position:

4. Work experience relevant to the item (2) position:

Signature: **Date:**

This Form 4 is only valid if the holder has performed at least 1 airworthiness review in the previous 12 months.

On completion, please send this form under confidential cover to the Irish Aviation Authority, Airworthiness Standards Department, 3rd Floor, The Times Building, 11-12 D'Olier Street, Dublin 2, Ireland.

Appendix II – Guidance on Airworthiness Review

Eligible Aircraft

- (1) Aeroplanes of 2,730kg maximum take-off mass (MTOM) or less;
- (2) Rotorcraft of 1,200kg MTOM or less, certified for a maximum of up to 4 occupants;
- (3) Other ELA2 aircraft e.g. sailplanes/balloons.

These aircraft must be operated under Annex VII (Part-NCO) to Regulation (EU) No 965/2012 or, in the case of balloons, not operated under Subpart-ADD of Annex II (Part-BOP) to Regulation (EU) 2018/395 or, in the case of sailplanes, not following Subpart DEC of Annex II (Part-SAO) to Regulation (EU) 2018/1976.

N.B. An Airworthiness Review may not be carried out by Authorised Independent Review Staff when the aircraft is used by a commercial ATO/DTO, commercial SPO, Part-SAO Subpart-DEC, or Part-BOP Subpart ADD.

This Airworthiness Review may only be carried out by the Authorised Independent Airworthiness Review Staff while performing the 100-h/annual inspection contained in the AMP.

Airworthiness Review Checklist

Details of the inspection and documentation review to be carried out may be found in Part ML.A.903 Airworthiness Review Process. This checklist may be used as a guide, but the Authorised Independent Airworthiness Review Staff must carry out an airworthiness review in accordance with the requirements of Part ML.

1.1 Documentation Review Checklist*

A full documented review of the aircraft records shall be carried out to verify that:

	Satisfactory
Airframe, flying hours and associated engine times and propeller times have been properly recorded.	
The flight manual is applicable to the aircraft configuration and reflects the latest revision status.	
All maintenance due on the aircraft according to the aircraft maintenance program has been carried out.	
All known defects have been corrected or, when applicable, carried forward in a controlled manner.	
All applicable airworthiness directives have been applied and properly registered (not applicable to Permit to Fly aircraft) EASA Bi-Weekly reference: _____ State of TC Holder Bi-Weekly Reference: _____	
All modifications and repairs applied to the aircraft have been registered and are approved according to Part-21. (not applicable to Permit to Fly aircraft)	
All service life limited components installed on the aircraft are properly identified, registered and have not exceeded their mandatory life limit.	
All maintenance has been released in accordance with Part ML.	
The current mass and balance statement reflects the configuration of the aircraft and is valid.	
The aircraft complies with the latest revision of its type design approved by EASA or equivalent, if applicable.	
For Balloons only: The equipment is as per the logbook weight schedule.	
If required, the aircraft holds a noise certificate corresponding to the current configuration of the aircraft in compliance with Subpart I of Annex I (Part-21) to Regulation (EU) No 748/2012.	

Irish Aviation Authority The Times Building 11-12 D'Olier Street Dublin 2, Ireland www.iaa.ie	Údarás Eitlíochta na hÉireann Foirgneamh na hAmanna 11-12 Sráid D'Olier Baile Átha Cliath 2, Éire	AAM No. 13 Revision: 04 Date: 28.07.2021	
Safety Regulation Division	Rannán na Rialachán Sábháilteachta		

* As a minimum, sample checks within each document category should be carried out. Please note what documents were sampled e.g. which ADs, Mods and Maintenance Tasks.

1.2 Physical Review Checklist*

	Satisfactory
All required markings and placards are properly installed.	
The aircraft complies with its approved flight manual, or equivalent.	
The aircraft configuration complies with the approved documentation, if applicable.	
No evident defect can be found that has not been addressed	
No inconsistencies can be found between the aircraft and the documented review of records	
All on board documentation is valid and correct e.g. CofR, CofA, AFM and supplements	
Aircraft registration markings and fireproof plate correctly installed	

* To ensure compliance the physical survey may include relevant sample checks of items – note what items were sampled, if using sampling.

Physical Survey (excluding balloons) (Guidance)*	Satisfactory

Basket floor & fittings	
Basket cables	

* This list is only to be used as a guideline. A list of all the areas surveyed should be provided. The reviewer may amend this listing to detail what areas were inspected. This should not be treated as a complete listing.

Issuing the Airworthiness Review Certificate (EASA Form 15c)

Only issue the ARC when you have completed an Airworthiness Review on this aircraft and verified that the subject aircraft, in its current configuration complies with the following:

Submit a copy of the ARC to the NAA of the State of Registry within 10 days of issuance. For Irish registered aircraft, submit the ARC to arc@iaa.ie or AWSD, Irish Aviation Authority, The Times Building, 11-12 D'Olier St., Dublin 2.

Before issuing the ARC, ensure the aircraft is in compliance with the following:

Airworthiness Directives up to the latest published issue (N/A for Permit to Fly)	
Type Certificate Data Sheet or equivalent	
Maintenance Programme	

Irish Aviation Authority The Times Building 11-12 D'Olier Street Dublin 2, Ireland www.iaa.ie Safety Regulation Division	Údarás Eitlíochta na hÉireann Foirgneamh na hAmanna 11-12 Sráid D'Olier Baile Átha Cliath 2, Éire Rannán na Rialachán Sábháilteachta	AAM No. 13 Revision: 04 Date: 28.07.2021	
--	--	--	---

Component service life limitations	
Valid weight and centre of gravity schedule reflecting the current configuration of the aircraft	
Part 21 for all modifications and repairs (n/a for Permit to Fly aircraft)	
Current flight manual and supplements	
Operational requirements	
All of the above items are properly entered and certified in the aircraft continuing airworthiness record system and/or in the operator's technical log	

Note: When issuing the first ARC for an aircraft coming onto a register, ensure the Certificate of Registration and Certificate of Airworthiness have been issued before the ARC is issued.

Appendix III Sample Airworthiness Review Certificate

Note: Word version available on the [IAA website](http://www.iaa.ie)

NOTE: persons and organisations performing the airworthiness review in combination with the 100-h/annual inspection may use the reverse side of this form in order to issue the CRS referred to in point ML.A.801 corresponding to the 100-h/annual inspection.

AIRWORTHINESS REVIEW CERTIFICATE (ARC) (for aircraft complying with Annex Vb (Part ML))
