The endorsement shall be entered in the logbook of the pilot and signed by the head of training of the ATO or the DTO or the instructor that is responsible for the training, as applicable.

The endorsement may be entered onto the page where the training is recorded or may be placed on pages located at the front or rear of the logbook, or on pages assigned for such a purpose.

Each endorsement may be hand written in the logbook or copied and printed onto labels for easier use.

Each endorsement shall carry a wet signature regardless of method used for entry into a logbook.
