Aircraft Flight Manuals

The Irish Aviation Authority in pursuance of Articles 24 and 31 of the Irish Aviation Authority (Airworthiness of Aircraft) Order, 1996, (S.I. No. 324 of 1996) hereby directs that, where there are no corresponding and applicable provisions under Commission Regulation (EU) No. 2018/1139 as amended:

An aeroplane or rotorcraft aircraft flight manual shall be maintained at the latest revision standard approved by the state of design for an aircraft in current operation. The operator of a commercial transport aircraft and the registered owner of a private or aerial work aircraft shall put in place a flight manual revision service agreement with the type certificate holder for the provision of the latest revision to the flight manual concerned upon publication with effect from the date of registration of the aircraft concerned.

This notice replaces Aeronautical Notice A.63 at issue 01 which should be discarded.
