EXEMPTION FROM NATIONAL REQUIREMENTS FOR EU PART-FCL LICENSED PILOTS OPERATING AIRCRAFT REFERRED TO IN ANNEX I OR ARTICLE 2(8)(a) OF REGULATION (EU) No. 2018/1139

The Irish Aviation Authority, in pursuance of Article 4 and Article 36 of the Irish Aviation Authority (Personnel Licensing) Order, S.I. No. 333 of 2000 (hereinafter referred to as “the Order”), hereby directs that:

1. The holder of a valid balloon pilot licence (BPL), sailplane pilot licence (SPL) or a Light Aircraft Pilot Licence (LAPL), a private pilot licence (PPL), commercial pilot licence (CPL) or airline transport pilot licence (ATPL) (aeroplane or helicopter) and if appropriate, an instrument rating (IR) or instructor certificate endorsed on such licence issued in accordance with Regulation (EU) No 1178/2008, as amended, (hereinafter referred to as a “Part-FCL licence”) by an EASA Member State¹ shall be exempt, as appropriate to the circumstances, from the requirements of:
 - a. Article 5 (requirement to hold an appropriate flight crew licence issued or validated by the Authority or a JAA licence); and
 - b. Article 19 (requirement to hold an appropriate instrument rating for flight under Instrument Flight Rules); and
 - c. Article 17 (requirement to hold an appropriate instructor rating for giving flight instruction within the State)
of the Order when they are acting as a pilot or as a flight instructor in an aircraft registered in the State which is listed in Annex I or Article 2(8)(a) of Regulation (EU) No 2018/1139 provided that the pilot or flight instructor :-
 - a. has a valid class, type, group, instrument, or instructor rating, appropriate to the aircraft and the operation in which it is engaged; and
 - b. has a valid medical certificate appropriate to the privileges exercised.
2. In the case of student pilot undertaking a course of flight training at an Approved Training Organisation (ATO) or Declared Training Organisation (DTO) for the purpose of obtaining a Part-FCL licence, shall be exempt from the requirements of Article 5 (requirement to hold a student pilot licence issued by the Authority) of the Order when they are acting as a pilot in an aircraft registered in the State which is listed in Annex I or Article 2(8)(a) of Regulation (EU) No 2018/1139 provided that the student pilot :-
 - a. holds a valid medical certificate, issued by an EASA Member State¹ in accordance with Regulation (EU) No 1178/2011;
 - b. is under the supervision of a flight instructor certified in accordance with Part-FCL; and
 - c. where such a flight is conducted wholly within the territorial limits of the State.
3. This exemption shall also apply, within the territorial limits of the State, to the pilot of an aircraft listed in Annex I of Regulation (EU) No 2018/1139 registered in another state, provided that the pilot is permitted to do so both by the pilot’s state of Part-FCL licence issue and by the state of registration of the aircraft.
4. This exemption shall not apply to:
 - a. any examiner privilege which may be attached to or associated with the licence unless the holder thereof is otherwise authorised in writing as an examiner by the Authority;
 - b. weight-shift controlled aeroplanes and powered parachute aeroplanes;

| Safety Regulation Division | Rannán na Rialachán Sábháilteachta | | |

- c. gliders with a maximum empty mass, of no more than 80 kg when single-seater or 100 kg when two-seater, including those which are foot launched;
 - d. any other aircraft which has a maximum empty mass, including fuel, of no more than 70 kg; or
 - e. the holder of an EU En-Route Instrument Rating (EIR) or the EU Sailplane Cloud Flying Rating, (in respect of Article 19 of the Order).
5. If the Authority sees fit to do so, it may at any time, in writing, prohibit the holder of a Part-FCL licence from exercising the privileges allowed by this Exemption.

This Aeronautical Notice replaces P.24 at Issue 3 which should be discarded.

**Chief Executive
Irish Aviation Authority**

EXPLANATORY NOTE

(This note is not part of the Direction and does not purport to be a legal interpretation).

1. This Direction exempts the holder of an EASA Part FCL pilot licence from the requirement to hold an Irish-issued national licence or an Irish-issued validation when acting as a flight crew member of an aircraft registered in the State which is listed in “Annex I” or “Art. (2)(8)(a) of (EU) No 2018/1139.
2. This Direction exempts student pilots undergoing training within a DTO or an ATO for the issue of a Part-FCL licence, from the requirement to hold an Irish-issued student pilot licence when acting as a pilot of an aircraft registered in the State which is listed in Annex I of (EU) No 2018/1139 and
 - a. Where the IAA has confirmed a level of safety comparable to the one defined by all essential requirements laid down in Annex II to Regulation (EU) 2018/1139; and
 - b. the IAA has authorised the use of the aircraft for training in the ATO/DTO.
3. The exemption is necessary because Regulation (EU) No 2018/1139 which, inter alia, provides for the issue of the EASA Part-FCL pilot licence, also acts so as to remove these ‘aircraft’ from its scope. Pilots of these ‘aircraft’ are thereby left subject to national pilot licensing requirements. This Direction reduces the requirement to hold more than one licence for a large number of pilots.
(Refer to point (d) of Article 2(3)-“Basic principles and applicability” – of CHAPTER I- “PRINCIPLES” of [Regulation \(EU\) No 2018/1139](#)).
