Version:	2026/02
Purpose of Revision:	To update the fees schedule for 2026.

1. INTRODUCTION TO IAA FEES AND CHARGES

- 1.1 The IAA does not receive income from the central exchequer. The IAA is funded by charges levied on the organisations and individuals it regulates. It must ensure that it generates sufficient income to meet the costs of performing its safety, security, passenger rights and economic regulatory functions. The IAA's functions are set out and described in the Irish Aviation Authority Act, 1993, the Aviation Regulation Act 2001 and the Air Navigation and Transport Act, 2022.
- 1.2 Section 44 of the Irish Aviation Authority Act 1993, as amended, states:
(1) The company may charge such amounts as it considers appropriate in respect of any of the following:
(a) the performance by it of its functions under this Act or any other enactment;
(b) services provided by it to other persons;
(c) property, real or personal, sold, hired or leased by it to other persons.
(2) The company may charge such amounts as it considers appropriate in respect of any functions performed by it pursuant to any European Union Regulations listed in Schedule 2 of the Irish Aviation Authority Act, 1993, as amended.
(3) Any amount due by a person to the company in respect of a charge under this section may be recovered by the company from the person as a simple contract debt in any court of competent jurisdiction.
- 1.3 The charges applied by IAA are those set out in the Schedule of Charges. Where a Schedule of Charges covers an activity, it is the sole basis on which the IAA will charge for that activity.
- 1.4 The IAA requires the payment of charges to the company, in such amounts as are specified in the Schedule of Charges, for the performance of its functions under this Act or any other Enactment. The charge in respect of an activity set out in the Schedule of Charges shall be paid to the Authority prior to grant or renewal of any certificate, licence, instrument of approval or authorisation concerned or prior to the undertaking of an examination or test subject to a fee under that Schedule. For charges and fees calculated by reference to hourly or daily rates, the relevant amount for payment shall be set out based on actual time spent or actual expenses incurred on that activity, with invoices for payment sent in arrears. Such charges shall be payable at the point of application. Any such activity shall cease upon non-payment of the relevant charges.
- 1.5 No certificate, licence, instrument of approval, authorisation, activity, examination or test subject to a charge under the Schedule shall be granted, amended, renewed or carried out absent the payment of the relevant charge to the IAA.
- 1.6 The charges in this schedule are expressed as different amounts of fees and charges and are specified, and shall be paid, in Euro (€). All fees and charges are VAT exempt. Charges shall be payable by credit \ debit card.
- 1.7 The charges set out in this Schedule take effect from 01 January 2026 and shall apply to the classes of undertakings and persons mentioned in the activities set out in the Schedule and the relevant functions of the IAA as set out in statute.
