Planned update of AIP Ireland due to changes in neighbouring FIR's.

On December 2nd 2021, Free Route Airspace shall be introduced in areas of United Kingdom and French airspace adjacent to the area of responsibility of IAA Shannon Air Traffic Control.

In order to facilitate the introduction of these projects a number of sections of AIP Ireland will be updated from December 2nd.

As the change will take place in the Areas of Responsibility of the United Kingdom and France, the United Kingdom AIP and AIP France are also being updated to reflect the change.

On December changes to the following sections of AIP Ireland shall be updated
